GPS COURSE PARTNERSHIPS: One of our objectives in the coming year is to build out more GPS course partnerships. What is a GPS course partnership? For example, students who take the course Paris Through its Museums have the option of submitting an extra mini-reflection through the GPS Program and, in so doing, fulfilling a portion of the Global Professional Skills Certificate

GLOBAL LIBERAL ARTS ALLIANCE (GLAA): The GLAA has relaunched Global Course Connections initiative, which twins courses at Alliance colleges, professors and students around the world. This semester, three AUP Faculty and their classes are participating: David Tresilian (with Paul Love, Al Akhawayn University), Zed Gao (with Sharon Wesoky, Allegheny College) and Bena Berg (with Abigail Cahill, Albion College). This year, twenty-four pairings have been made under the auspices of the GLAA and delegates were invited to an intensive workshop, hosted by AUP over the summer (many thanks to Brenda Torney for her help with this). For more details about the GLAA Global Course Connections, please see: https://liberalartsalliance.org/programs/global-course-connections/2022-23-globally-connected-courses/

TEACHING & LEARNING CENTER

The Teaching and Learning Center is up and running for Fall 2022. We have a new location for this academic year, in the Grenelle basement, G-L20. We will usually be there on Tuesdays, but email us tlc@aup.edu like to come to talk about any aspect of your teaching. We might make you coffee.

on your teaching. Teams of 4 faculty ideally from different disciplines

working

ACADEMIC RESOURCE CENTER

Fall of 2022 has brought about big changes in the Academic Resource Center (ARC). Rachel Webber is now the Accommodations Coordinator for AUP and all academic accommodation requests go to the ARC. This allows for a more unified approach to everything from the intake meetings to proctoring. If you have any questions regarding anything accommodation related just drop us a line or come visit us on the 4th floor of the Learning Commons.
